

Position Title: **HVAC INSTALLATION TECHNICIAN**

## ***GROW WITH THE PROS AND MASTER YOUR CAREER***

Only the best of the best work for Comfort Heating & Air, Lexington's #1 heating and air conditioning contractor! In addition to the training needed for a real career, we provide year-round work, free uniforms, well-equipped trucks, advancement potential, and the chance to give back.

### **HVAC INSTALLATION TECHNICIAN Lexington, KY**

The professional we select will apply technical skills and knowledge to install, start up, and troubleshoot new systems. In addition, this person will install ventilation, heating, and air conditioning systems within residential settings.

#### **What You Need to Succeed**

##### ***Required Credentials:***

- Three or more years of experience in HVAC installation.
- A high school diploma or GED equivalent.
- Working knowledge of national codes and best practices.
- Requisite basic certifications (EPA Universal).
- A valid driver's license and HVAC Journeyman License through the State of Kentucky or Ohio.
- Willingness and ability to work evenings and weekends.

##### ***Preferred Credentials:***

- Working knowledge of electrical and gas diagnostics and air flow.

All candidates are required to undergo pre-employment drug screen and employment background checks.

#### **How We Reward Your Professionalism**

**Full-time employees** receive competitive pay; comprehensive paid training; medical, dental, vision, and prescription plans; paid time off and holidays; and 401(k) with company match; and healthcare flexible spending account (HFSA). **Part-time employees** receive competitive pay, comprehensive paid training, and 401(k) with company match. In addition, **all employees** are invited to participate in our commitment to community outreach such as Spirit and Life Children's Orphanage and Habitat for Humanity.
